

# GRATITUDE

An opportunity  
to express  
appreciation for  
exceptional care.

 PerhamHealth

SANFORD  
Foundation

## Honoring a Special Caregiver

Have you been touched by the care provided by Perham Health staff? Maybe it was a kind word, a gentle smile, or a warm blanket that brought comfort to you or your loved one. It could have been a lifesaving procedure or a visit from a volunteer during your stay.

If one of our caregivers provided you or a loved one with that 'extra touch' and you would like to acknowledge them, we invite you to pay tribute to outstanding service by making a Grateful Patient contribution in his or her name to the Perham Health Foundation. A personal 'thank you' from a patient is more precious to nurses, doctors, housekeepers and other caregivers than any other honor.

When you make a donation in honor of a caregiver, he or she will receive a card informing him or her of your thoughtful gift along with your personal note.

Name of caregiver you want to acknowledge:

---

Here is why that caregiver made a difference:

- I prefer my gift to remain anonymous

The opportunity to give fund of choice:

(see back for fund descriptions)

- Greatest Need - Unrestricted Gift Fund  
 Technology and Facility Enhancement Fund  
 Perham Living

## Grateful Patient Program Funds

### Greatest Need – Unrestricted Gift Fund

Directly supports vital programs and resources that improve the quality of healthcare for patients at Perham Health. Unrestricted dollars allow the Foundation to apply funding to the most important or time dependent needs.

### Technology and Facility Enhancement Fund

Designate your gift for future capital improvements.

### Perham Living

Supports services for older adults via home care, assisted living, housing, adult day services and nursing home.

### About Perham Health Foundation

Founded in 2004, Perham Health Foundation fosters charitable gifts to help meet the expanding and developing healthcare needs at Perham Health and Perham Living.

We sincerely appreciate your generosity.
